9. The Minister may, when issuing a permit under regulation 5, impose such conditions, whether generally or in respect of different periods in any year, as he may deem necessary for an equitable distribution of water in the public interest or for the conservation of water supplies or for the protection of water sources, including conditions in respect of—

(2) Sodanige persoon moet binne 'n tydperk deur die Minister bepaal en op sy eie koste aan die Minister se lasgewing voldoen, en, indien hy versuim om dit te doen, kan die Minister sodanige boorgat laat versêl of verandering laat aanbring of herstelwerk laat doen of bykomende waterwerke laat aanbou, na gelang van die geval, en die koste daarvan op sodanige persoon verhaal.

12. Ondanks andersluidende bepalings van hierdie regulasies kan die Minister, indien hy dit in die openbare belang raadsaam ag, by kennisgewing in die *Staatskoerant* of by skriftelike kennisgewing aan enige persoon, die onttrekking en gebruik van ondergrondse water vir enige doel beheer, reël, inkort of verbied.

13. (1) Geen persoon mag 'n waterboormasjien of ander toestel gebruik om 'n boorgat te maak nie tensy hy in besit is van 'n permit van die Direkteur en sodanige permit word nie uitgereik nie tensy sodanige masjien of toestel na die mening van die Direkteur vir die doel geskik is en die persoon aan wie die permit uitgereik word ten opsigte van ondervinding, kennis en vermoë aan die vereistes voldoen wat die Minister by kennisgewing in die *Staatskoerant* bepaal.

(2) Die vereistes wat by Goewermentskennisgewing 2329 van 24 Desember 1970 aangekondig is, word geag kragtens subregulasie (1) bepaal te gewees het.

11. (1) If at any time the Minister is of opinion that subterranean water abstracted in terms of these regulations is not used beneficially, or that a condition imposed under regulation 9 is not complied with, he may cancel any right granted under regulation 2 or withdraw any permit issued under regulation 5, or he may, in writing, direct the person who is entitled to use such water to seal any borehole partly or completely, as directed by the Minister, or so to alter or repair any water work, or to construct such additional water works or to take such other steps as the Minister may determine and as will, in his opinion, result in such water being used more beneficially.

(2) Such person shall within a period determined by the Minister and at his own expense comply with the Minister's direction and, if he fails to do so, the Minister may cause such borehole to be sealed or alteration to be made or repairs to be carried out or additional water works to be constructed, as the case may be, and recover the cost thereof from such person.

12. Notwithstanding any provisions of these regulations to the contrary the Minister may, if he deems it expedient in the public interest, by notice in the *Gazette* or by notice in writing to any person, control, regulate, limit or prohibit the abstraction and use of subterranean water for any purpose.

13. (1) No person shall use a water-boring machine or other apparatus to sink a borehole unless he is in possession of a permit from the Director and such permit shall not be issued unless such machine or apparatus is, in the opinion of the Director, suitable for the purpose and the person to whom the permit is issued complies in respect of experience, knowledge and ability with the requirements determined by the Minister by notice in the *Gazette*.

(2) The requirements published in Government Notice 2329 of 24 December 1970 shall be deemed to have been determined in terms of subregulation (1).

14. (1) Any person who abstracts or uses subterranean water in contravention of any provision of these regulations or a right or an obligation acquired or imposed by means of a permit, determination, direction or condition shall be guilty of an offence and liable on conviction to the penalties prescribed in section 170 (1) of the Act.

(2) Subsections (4) and (5A) of section 170 of the Act shall apply *mutatis mutandis* to these regulations.
